APPOINTMENT COMMISSIONERS
New officials in service in sixteen counties; graduates of training course get places, nurses to be employed.

Nineteen Ohio counties have chosen their general district health commissioners, according to reports on file with the State Department of Health today. While complete information is not available it is believed by the state health officials that about eight of these new commissioners will be employed on a whole-time basis.

Five of the 19 commissioners were students in the extension course conducted by the State Department of Health and the Ohio State University College of Medicine last fall to train physicians for public health work.

Two-thirds of the counties which have reported their 1920 health budgets to the state department will employ one or more nurses each. The Mahoning county district will have three nurses at salaries of \$1200 each. Columbiana has two at the same salary and Harrison has appropriated \$1400 for nurses without specifying the number.

OHIO WOMAN'S USEFULNESS

Greatly Aided by Trutona Mrs. Travis Wants Everyone to Know About Tonic

Despite her four sons and six daughters, Mrs. M. Travis, a well known Steubenville woman, of 232 North Eighth Street, is today doing her own housework.

"I can praise Trutona to everyone," is the significant answer Mrs. Travis gives to those who inquire as to the cause of her recent remarkable improvement.

For the past two years I've suffered from catarrh of the right ear. Pains in the back of my head were so severe that I could hardly stand them. A buzzing noise in my ear hurt and annoyed me all the time. I was subject to spells of dizziness at times. I suffered severe pains in my back and I didn't sleep at night. I would usually dream considerably and my sleep was broken and unsatisfactory. In fact, I was sick all over.

I was told by people that should have known that it was all due to a lack of iron in my blood and that there was nothing that could help me. But regardless of this Trutona has greatly relieved all my troubles. I don't suffer half as much now. Trutona has done me more good than any other medicine that I've ever taken and I want everyone to know what it has done for me.

Trutona is now being introduced and explained at Fink & Haumesser's.

INVITE 100 TEAMS FOR SCHOOL MEET

More than 100 high schools have been invited to take part in the annual northwestern Ohio basketball tournament to be held at Defiance College, March 5 and 6. This meet will decide the official champion of the following counties: Lucas, Allen, Henry, Mercer, Putnam, Van Wert, Paulding, Fulton, Ashtabula, Williams and Defiance counties.

The tournament was organized three years ago, Defiance College being chosen as the place for the event because of the excellent equipment and location of that college for entertaining the big crowd of players.

Archbold was the winner in 1917. Waver prevented holding a tournament in 1918, but last year the high school warriors battled again and Bryan High captured the cup. Plans are being made this year for a tournament bigger and better than ever.

Located on the Baltimore & Ohio Wabash and Ohio Electric railroads, Defiance is easy of access from the 11 counties which the tournament includes. The fact that Defiance College has two gymnasiums, where the tournament games are played simultaneously, is another big advantage.

PUBLIC HEALTH SERVICE

One of the peace time activities of the American Red Cross is Public Health Service in this country. Last Sunday evening Miss Squires formerly head nurse at Wauseon Hospital and now Public Health Nurse at Lucas County addressed a union meeting at the Christian church, stating before the people of Wauseon the necessity of securing a Public Health Nurse in Fulton County.

On Monday evening Miss Squires addressed a group of Red Cross members at the home of Dr. and Mrs. Watkins in Delta, Missouri. David Johnson and Clyde Canfield and Mesdames Eby, Hayes and Kenyon represented Wauseon, representatives from Swanton were also present. A third meeting to be held this (Friday) afternoon at 2 o'clock at the Court House in Wauseon was decided upon; all Red Cross branches and auxiliaries in the county have been requested to send representatives to this meeting at which definite arrangements will be made to secure one or more Red Cross Public Health Nurses to work under the direction of the New District Board of Health in Fulton County.

Dr. Steen of Napoleon has been employed as the new Health Commissioner for Fulton County, he will be in his time between Fulton and Henry counties. Dr. Sien was in Wauseon Thursday.

THE SICK LIST

Many Wauseon people are down with hard colds and influenza; many of the business places are handicapped because so many are detained in their homes by the scourge. In some homes whole families are down and it is impossible to find nurses either professional or practical to care for many of those who are sick.

In this connection we wish to suggest that there are any who are able to help out by caring for those who are sick that they notify David B. Johnson, Secretary of The Red Cross Chapter, Mr. Johnson will keep a list of such persons and the doctors and others in search of helpers can learn through him in regard to any who are available.

The schools are making every possible effort to avoid a spread of disease among the pupils and until further notice children who are unaffected are better off in school than out. The doctors are all working to the limit of endurance and beyond. From reports received Thursday we are inclined to believe that the worst stage of the wave has been passed. Many of those who have been very ill are reported improving. Everyone should exercise the utmost caution, avoid exposure, wear masks and do not be afraid even of the slightest colds.

FOREST METCALF

Among the deaths that have brought sadness to Wauseon is that of Forest Metcalf who died at his home in Wauseon last Saturday morning after a brief illness. Full obituary will appear next week.

You must work for it

Every one wants to be rich—but riches won't come to you. You must go after riches. The difference between the successful man and the unsuccessful man is that one goes out for riches—banks every dollar he can lay his hands upon—while the other sits down—spends as he goes and expects wealth to come to him all in a heap. Put every dollar possible in the Peoples State Bank. Strain every nerve to do it. Make every sacrifice to accomplish it. Practice every self-denial.
